

## EARASHI FINAL EVENT

# Designing for People: Building Trustworthy Robotics & AI in Industry

3 February 2026

Flanders Make, Gaston Geenslaan 8  
3001 Leuven, Belgium

Funded by  
the European Union

## Programme

**09:30 – 10:00** – Registration & Welcome Coffee

**10:00 – 10:30** – Opening & Introduction  
*Moderated by CEA and Mondragon*

**10:30 – 11:30** – Plenary Session: Technology Roadmaps and Strategic Building Blocks  
*Moderated by Flanders Make*

Leaders from key technology domains present their roadmaps, outlining strategic priorities, core building blocks, and upcoming developments that will shape future capabilities and innovation trajectories.

**11:30 – 12:30** – Technical Tour – Part I: Live Demonstrations of Building Blocks  
*Moderated by Flanders Make*

Guided visit through Flanders Make facilities, showcasing five building blocks deployed by AEs:

- Mixed Reality
- Predictive Maintenance
- Autonomy & Drone Technology
- Human-Centric AI (including vision inspection for quality checks)

**12:30 – 13:30** – Networking Lunch, Booths & Poster Exhibition

**13:30 – 14:45** – Technical Tour – Part II: Digital Insights & AE Showcases  
*Moderated by INEGI*

Session featuring digital or video-based presentations of the remaining building blocks used by AEs:

- AI & Intelligent Systems
- Data & Operational Intelligence
- AI-Driven Quality & Inspection

**14:45 – 16:00** – Roundtable: Human-Centricity, Ethics & Trust  
*Moderated by Mondragon*

An interactive debate among sister projects on deploying robotics and AI in industrial environments, with a focus on responsible AI practices, operator empowerment on the shop floor, ethical implementation, and building workforce and societal trust.

**16:00 – 17:00** – Wrap-Up & Farewell Coffee  
*Moderated by CEA and Mondragon*
